## How to apply for the Open Access using the subsidy from the Ecological Society of Japan

ESJ member authors who are confirmed to receive APC support from the society after acceptance, need to still also apply for Open Access publication on the Wiley Author Service site.

Please follow the instructions below when entering the billing address.

Do you want to make your article OnlineOpen?

**Open Access**

Good News! Because you are affiliated with MAX-PLANCK-GESELLSCHAFT, fees to publish your article open access have already been paid through Germany's nationwide DEAL agreement. Therefore, confirm open access when asked. This will increase the visibility and impact of your research; the fees to publish open access are already covered and opting out of publishing open access would not save you or your institution money.

Your entitlement to open access publishing provided by DEAL, as corresponding author of the article, will be verified by the institution selected above. Please ensure your institutional affiliation here matches the one in your proofs, ahead of publication.

Visit the [Projekt DEAL Agreement](#) page for more information.

- OnlineOpen is an open access option that makes your work immediately, freely available online
- Helps increase readership of your article
- Allows you to easily comply with open access mandates from your funder or institution
- Reuse and immediate deposit of final article in any website or repository
- Copyright retention - You retain the copyright for article at all times
