

Timetable

ME : MBSJ Joint Sessions S : Symposiums W : Workshops U : Forums E : English Sessions

March 4 (Wed)

Bldg.	Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
Lecture Hall South	D (S203)									W01 Leg and reproduction		W08 Global ecosystem observations	
	E (S301)									W02 Ecological Research in the Neotropics E		W09 invasive plant species and vegetation	
	F (S302)				ESJ committee meeting			ESJ committee meeting		W03 Mountainous deer		W10 Island Biology from Japan	
Lecture Hall North	G (N204)									W04 Recent methods of monitoring after the large-scale landslide.			
	H (N205)									W05 ESJ student section: Discussing contribution to development of Ecology		W11 Soul love to an inch of insect. Part. II.	
	I (N206)		ESJ committee meeting		ESJ committee meeting			ESJ committee meeting		W06 Plant Physiological Ecology - Cryptomeria japonica-		W12 Ecosystem-services certification	
	J (N207)									W07 Joint Species Distribution Model		W13 Citizen science design	
Sou.	Speaker ready room (S201)									Presentation file registration			

March 5 (Thu)

Bldg.	Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
Lecture Hall South	B (S101)							Oral presentations Behavior					
	C (S202)		S01 Community dynamics in the gut E			U01 Let's publish English books!		Oral presentations Animal community			S09 Biodiversity Crisis Revealed by Large-scale Monitoring		
	D (S203)		S02 Big data simulation			U02 Field Safety Training		Oral presentations Material cycling			S10 Ecosystem resilience function in deer of low-density process		
	E (S301)		ME501 Advanced omics			U03 JJCE as open access journal		Oral presentations Introduced species / Ecosystem management			ME502 Epigenetics and ecology		
	F (S302)		S03 reproduction system and special structure					Oral presentations Conservation			S11 Frontiers in community ecology		
	G (N204)							Oral presentations Animal-plant interaction / Plant reproduction					
Lecture Hall North	H (N205)		S04 Plant-modification by herbivorous insects			English Sessions Life history of plants / Plant reproduction / Animal-plant interaction		E			S12 Polyphenism of migration		
	I (N206)		S05 Persistency overcomes natural selection			Oral presentations Life history of animals / Animal population					S13 Global Warming and Soil Organic Carbon Dynamics		
	J (N207)		S06 Distribution changes of the Rock Ptarmigan from the past to the future			English Sessions Animal population / Life history of animals / Mathematical ecology		E			S14 Floodplain ecosystem and flood control for Japanese rivers		
	K (N304)					English Sessions Biodiversity / Fungi and microbes		E					
	L (N305)		S07 Wildlife management for zoonoses			Oral presentations Life history of plants / Fungi and microbes / Plant population					S15 Plant phenotyping		
	M (N306)		S08 Size-structured models in plants			English Sessions Ecosystem management		E			S16 Medaka fishes as a new model system for the study of evolution in the wild		
	N (N307)					English Sessions Conservation		E					
	Sou.	Speaker ready room (S201)	Presentation file registration									Presentation file registration	

March 6 (Fri)

Bldg.	Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
Lecture Hall South	B (S101)					Oral presentations Behavior / Animal reproduction							
	C (S202)		S17 Forest canopy ecology E			Oral presentations Biodiversity / Education and popularization of ecology							
	D (S203)		S18 Collaboration between Ecology and Policy, Research and Practice			Oral presentations Mathematical ecology							
	E (S301)		S19 Hierarchical modeling as a tool for ecological management and conservation			Oral presentations Ecosystem management							
	F (S302)		S20 Molecular approaches toward understanding seasonality of life			Oral presentations Conservation / Landscape ecology							
	G (N204)					Oral presentations Plant community / Succession and regeneration							
Lecture Hall North	H (N205)		S21 Integrated understanding of hybrid zones			English Sessions Plant community / Material cycling		E					
	I (N206)		S22 Dynamic photosynthesis to light change			Oral presentations Plant ecophysiology							
	J (N207)		S23 Migration of vertebrate animals			English Sessions Plant ecophysiology / Plant population		E					
	K (N304)					English Sessions Evolution		E					
	L (N305)		S24 Signal and recognition underlying plant-insect relationships			Oral presentations Evolution							
	M (N306)		S25 Searching for conservation baselines in Satoyama and Agroecology			English Sessions Behavior		E					
	N (N307)					English Sessions Animal community		E					
	O (N321)								U04 Future for ESJ				
	Sou.	Speaker ready room (S201)	Presentation file registration										
Hotel Mielparque NAGOYA												Banquet	

March 7 (Sat)

Bldg.	Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
Nor.	A (N101)	General meeting	Award ceremony / Lectures by award recipients			Award ceremony / Lectures by award recipients							
Lecture Hall South	C (S202)							W14 Novel ecological perspectives arising from indirect effects		W19 Challenges for improving pollination services in agricultural landscapes			
	D (S203)							W15 Measuring public awareness for conservation and management		W20 Consideration of cooperation between ecologists and society.			
	E (S301)							U05 Ecological Education in the future					
	F (S302)							MEW01 Don't stray into the Big Data Mountain		W21 Genetic basis yielding diverse sexual differences in insects			
Lecture Hall North	H (N205)							W16 Integrating Fungal studies and Ecology		W22 Morphometrics as a tool: biology and aesthetics			
	I (N206)							W17 What will forests be like in the future?		W23 Aftercare of Green Infrastructure			
	J (N207)							W18 Monitoring site1000 alpine zone		W24 Vegetation Geography in Phytosociology			
	N237	Career Support Room											
Poster halls		Poster presentations			Core time		Poster presentations						
Tower 75	P A 2F Student hall	P1-PA-001~146 Animal population / Animal community / Behavior / Animal-plant interaction / Animal reproduction and Life history of animals											
	P B 1F Restaurant Casa	P1-PB-147~198 Animal reproduction and Life history of animals / Biodiversity											
Lecture Hall North	P C 1F Student hall	P1-PC-199~437 Material cycling / Evolution and Mathematical ecology / Plant population / Plant reproduction and Life history of plants / Plant ecophysiology / Conservation / Ecosystem management, Education and popularization of ecology											
	P D 1F Corridor	P1-PD-438~496 Introduced species / Plant community, Landscape ecology, Succession and regeneration											

March 8 (Sun)

Bldg.	Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00	
Nor.	A (N101)							Public lectures						
Lecture Hall South	C (S202)	S26 Long-term research network												
	D (S203)	S27 Ecology in Transdisciplinary Science						Ecology course for high school students / Award ceremony						
	E (S301)	S28 Eco-Evo-Demo												
	F (S302)	S29 Practical use of museum specimens for molecular ecology												
Lecture Hall North	G (N204)	W25 Ecology for local government 3												
	H (N205)	W26 Expansion of community ecology theory		U06 Ecological Research Luncheon Seminar										
	I (N206)	W27 the problem of irrigation pond destruction												
	J (N207)	W28 All about MIG-seq (3)		U07 Conservation and Restoration of Coral Reef Ecosystem										
Poster halls		Poster presentations			Core time		Poster presentations							
Tower 75	P A 2F Student hall	P2-PA-001~146 Animal community / Behavior / Animal reproduction and Life history of animals / Plant reproduction and Life history of plants / Plant ecophysiology / Material cycling												
	P B 1F Restaurant Casa	P2-PB-147~198 Animal population / Plant population / Fungi and microbes												
Lecture Hall North	P C 1F Student hall	P2-PC-199~432 Plant community, Landscape ecology, Succession and regeneration / Animal-plant interaction / Evolution and Mathematical ecology / Biodiversity / Conservation / Ecosystem management, Education and popularization of ecology / Introduced species												
	P E B1F Meijo Restaurant	Poster presentations by high school students		Core time		Poster presentations by high school students
