E : English Sessions

March 17 (Wed)

Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
A	S01 Frontiers in the science of species interactions				Oral presentations Plant population / Plant ecophysiology							
B	S02 Global Warming and Soil Carbon Fluxes				Oral presentations Animal community / Animal population							
C	S03 General flowering and mast fruiting E				Oral presentations Behavior				W01 Island flower and seed biology			
D	S04 20 years after the 2000 year eruption in Miyake-jima				Oral presentations Evolution				W02 Hierarchical modeling in practice			
E					Oral presentations Conservation				W03 Soul love to an inch of insect.Part II.I.			
F					Oral presentations E Fungi and microbes				W04 Fatty Acids			
G					Oral presentations E Plant community / Landscape ecology				W05 Collaboration between scientists and society.			
H					Oral presentations E Behavior			Board of Representatives				
I				U01 Moai					U01 Let's join the Moai!			
J				Career Support Room								
Poster	Poster presentations (Accessible at all times)											
Exhibition	Exhibition of sponsors			Core time			Exhibition of sponsors (Accessible at all times)					

March 18 (Thu)

Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
A	Oral presentations Plant community					S05 Ecosystem simulation						
B	Oral presentations Animal population / Animal reproduction					S06 Conservation and management of large mammals in Shiretoko						
C	Oral presentations Behavior / Biodiversity					S07 Plant-modification by herbivorous insects						
D	Oral presentations Evolution / Mathematical ecology					S08 Evidence in ecology and conservation E						
E	Oral presentations Conservation / Ecosystem management			U02 Ecology and society					W06 Nutrition mechanism of mangroves			
F	Oral presentations E Plant ecophysiology / Plant population			U03 Trends of ESJ members and future directions					W07 2020 for Ecologists: COVID-19 impacts			
G	Oral presentations E Evolution			U04 How to increase readers of your paper					W08 Windthrow and adaptation to climate change in northern forest			
H	Oral presentations E Biodiversity								W09 Carbon allocation model of fungal competition			
I				U01 Moai					U01 Let's join the Moai!			
J				Career Support Room								
Poster	Poster presentations			Core time for award-eligible posters			Poster presentations (Accessible at all times)					
Exhibition	Exhibition of sponsors (Accessible at all times)											

March 19 (Fri)

Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
A	S09 Long-term research network					Oral presentations Landscape ecology / Succession and regeneration / Life history of plants / Plant reproduction / Fungi and microbes				Banquet		
B	S10 Insects and flowers					Oral presentations Animal reproduction / Life history of animals / Animal-plant interaction						
C	S11 Floodplain ecosystem and flood control for rivers					Oral presentations Biodiversity / Introduced species						
D	S12 Decade for research, policy and practice in ESJ					Oral presentations Mathematical ecology / Education and popularization of ecology						
E	S13 Interdisciplinary approaches for understanding seasonal adaptation					Oral presentations Ecosystem management / Material cycling						
F						Oral presentations E Ecosystem management						
G						Oral presentations E Animal community / Animal population						
H						Oral presentations E Mathematical ecology / Conservation						
I				U01 Moai					U01 Moai			
J				Career Support Room								
Poster	Poster presentations			Core time for general posters			Poster presentations (Accessible at all times)					
Exhibition	Exhibition of sponsors (Accessible at all times)				Core time			Exhibition of sponsors (Accessible at all times)				

Timetable

E : English Sessions

March 20 (Sat)

Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
A		Award ceremony / Lectures by award recipients				Award ceremony / Lectures by award recipients						
B	General meeting				Ecology course for high school students / Award ceremony					W10 Writing a review paper online		
C				U05 What is a coral reef ecosystem?						W11 Novel ecological perspectives arising from indirect effects		
D				U06 Let's publish English books!						W12 Plant ecophysiology - <i>Cryptomeria japonica</i> -		
E				U07 Applied macro-biology as key discipline						W13 Japan Biodiversity Outlook 3 and revision of the NBSAP of Japan		
F										W14 Ecology to understand from analytical methods		
G										W15 Role of ecology in managing infectious disease in human society		
H												
I				U01 Moai						U01 Let's join the Moai!		
J						Career Support Room						
Poster	Poster presentation	Core time for high school student posters		Poster presentations (Accessible at all times)								
Exhibition	Exhibition of sponsors (Accessible at all times)											

March 21 (Sun)

Room	9:00	10:00	11:00	12:00	13:00	14:00	15:00	16:00	17:00	18:00	19:00	20:00
A	S14 Marine benthos and sediments						Public lectures					
B	S15 Opening up a new frontier in the field of pollination studies									W16 Regeneration of vegetation after the Great East Japan Earthquake		
C	S16 LBSAPs for integrated local biodiversity governance									W17 Wave-regeneration		
D	S17 Cognitive evolutionary ecology									W18 Innovative technologies and ideas for ecological research		
E					U08 KAKENHI : how your proposals are reviewed in the KAKENHI system					W19 Apple snails going east and Agroecology		
F					U09 Field Safety Training					W20 the problem of irrigation pond destruction		
G					U10 Let's listen behind the choice of life 2					U11 Biological experiments and practices under Covid-19 pandemic		
H												
I				U01 Moai						U01 Let's join the Moai!		
J												
Poster	Poster presentations (Accessible at all times)											
Exhibition	Exhibition of sponsors		Core time		Exhibition of sponsors (Accessible at all times)
