

How to upload your poster directly to the portal site

Atlas Co., Ltd.

Notes for creating the poster

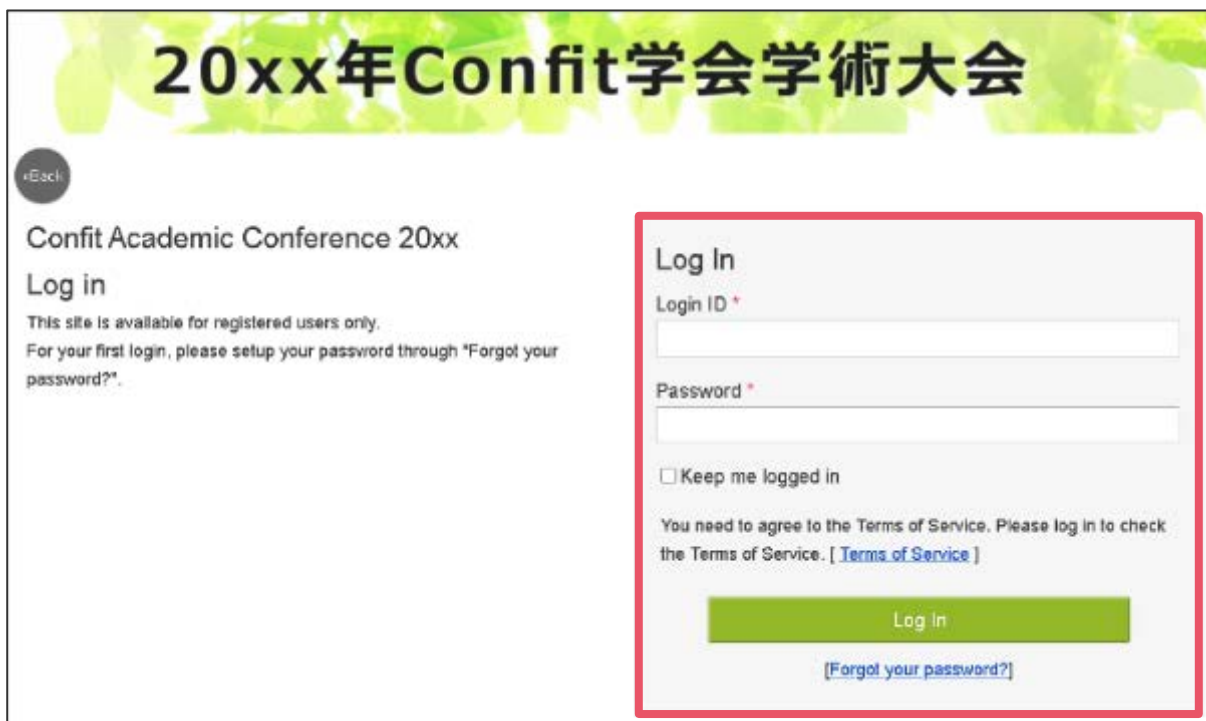

- Please create the poster file in PDF format without audio or video embedding. You can include links to videos, etc., in the PDF file.
- The file size should be 10MB or less.
- There are no particular specifications regarding the appearance of the poster file, such as aspect ratio or number of pages, but please try to make it so that the audience can understand the research content without any oral supplementary explanation.
- Please do not set a security password for the PDF.
- Hyperlinks may be invalid depending on the creation environment.
- It is recommended to create charts in a single color. Gradation may not be expressed depending on the creation environment such as the software used.
- When creating with the macOS version of Illustrator, save it as a "highly compatible PDF". Otherwise, it may not be displayed properly.
